PROJECTS

Secure User Authentication, Prodigy Infotech Internship Link	Aug '24 — Sep '24 Addis Ababa, Ethiopia
1.Developed a secure user authentication system using JWT, Express.js, and MongoDB to protect user data and enhance privacy. 2.Implemented role-based access control (RBAC) to manage user permissions and safeguard sensitive information. 3.Integrated SSL/TLS encryption to ensure secure data transmission between client and server, preventing unauthorized access. 4.Designed and deployed RESTful APIs for user registration, login, and token verification, enabling seamless user experience. 5.Optimized the authentication process, reducing response time by 20% through efficient backend code and database indexing.	
Employee Management System, Prodigy Infotech Internship Link	Aug '24 — Sep '24 Addis Ababa, Ethiopia
1Developed a comprehensive Employee Management System using Node.js, Express, and MySQL for efficient employee data management. 2.Designed and implemented a responsive front-end interface with React.js, Vite, and Bootstrap, providing a user-friendly experience across devices. 3.Integrated RESTful APIs to enable seamless communication between the front-end and back-end, ensuring real-time data updates and consistency. 4.Implemented CRUD (Create, Read, Update, Delete) operations for managing employee records, enhancing the system's functionality and usability. 5.Optimized the MySQL database structure to improve query performance and reduce data retrieval time by 30%.	
Planned Project: Local Store E-commerce Platform (Coming Soon), Prodigy Infotech Internship	Aug '24 — Sep '24 Addis Ababa, Ethiopia
Planned Project: Real-Time Chat Application(Coming Soon), Prodigy Infotech Internship	Aug '24 — Sep '24 Addis Ababa, Ethiopia
Planned Project: Social Media Platform, Prodigy Infotech Internship	Aug '24 — Sep '24 Addis Ababa, Ethiopia

AWARDS

Responsive Web Design Certification freeCodeCamp	Jul '24
Successfully completed a comprehensive course on responsive web design, covering HTML5, CSS3, Flexbox, and CSS Grid. Demonstrated the ability to create responsive, accessible, and mobile-first web pages through hands-on projects, including a portfolio website and a product landing page. Gained proficiency in modern web design practices and principles.	
A2SV Hackathon Quarterfinals Award A2SV Hackathon	Jul '24
Recognized for outstanding performance in the A2SV Hackathon quarterfinals, demonstrating strong problem-solving skills and effective teamwork. Contributed to a high-impact project by developing innovative solutions and presenting a compelling idea to the judging panel. Gained valuable experience in hackathon-style collaboration and project development.	

EDUCATION

Undergraduate in , Ambo University	Apr '24 Ambo, Ethiopia
-Pursuing undergraduate studies with a focus on building a strong foundation in computer science and software development. -Engaged in coursework related to programming, algorithms, and software engineering principles. -Aspiring to become a software engineer, with a goal of applying learned skills to develop innovative software solutions. -Involved in university projects and activities that support career aspirations in software engineering.
